1. We have reviewed the accompanying Statement of Unaudited Standalone Financial Results of **The Shipping Corporation of India Limited** ("the Company") for the quarter ended June 30, 2020 ("the Statement"), being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of the company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. C&AG in its report no. 13 of 2019 has reported the payment of Performance Related Pay (PRP) of Rs. 11.03 crores in violation of DPE guidelines for the FY 2014-15 with respect to two issues i.e. identification of Core and Non-Core income and observing "Bell Curve" approach in PRP calculation. Disagreement between C&AG and the company regarding what constitutes Core and Non-Core income, was taken for deliberation in the Nomination and Remuneration Committee of the Board. The Committee has endorsed the stand taken by the Company on the components considered as Core income for computation of PRP. Appropriate action shall be taken based on further developments in the matter.
7. The Company raised funds through FPO on 15.12.2010 and had utilized 100% of funds as contemplated under the objects of the issue set out in prospectus. However, due to default of shipyards, Company rescinded 4 shipbuilding contracts and received Rs. 330.65 crores as refund from shipyards. The shareholders vide the resolution passed through postal ballot on 17.02.2017 approved the proposal to redeploy the said sum for acquisition of any such vessels or towards the balance payments remaining due for tonnage acquisition. The shipping business and markets have been adversely impacted as the cascading effect of the lockdown pervaded the port and cargo operations leading to delays in clearing of cargo containers, berthing of vessels, clearance of documents/immigration resulting in demand compression and utilization levels of ships. Rise in tanker rates in the backdrop of sharp drop in oil prices and demand for floating storage may not sustain in the future. The near-term outlook for major shipping segments like dry bulk, containers and offshore appears negative. The Company on the basis of internal assessment believes that there is no impact on its ability to continue as a going concern and meeting its liabilities as and when they fall due. The Company has access to line of credit which can be utilized to meet emergencies, if any, arising out of the impact of Covid on its operations. With system driven environment there has been no impact in the internal controls and reporting as well.

7. C&AG in its report no. 13 of 2019 has reported the payment of Performance Related Pay (PRP) of Rs. 11.03 crores in violation of DPE guidelines for the FY 2014-15 with respect to two issues i.e. identification of Core and Non-Core income and observing "Bell Curve" approach in PRP calculation. Disagreement between C&AG and the company regarding what constitutes Core and Non-Core income, was taken for deliberation in the Nomination and Remuneration Committee of the Board. The Committee has endorsed the stand taken by the Company on the components considered as Core income for computation of PRP. Appropriate action shall be taken based on further developments in the matter.
8. The Company raised funds through FPO on 15.12.2010 and had utilized 100% of funds as contemplated under the objects of the issue set out in prospectus. However, due to default of shipyards, Company rescinded 4 shipbuilding contracts and received Rs. 330.65 crores as refund from shipyards. The shareholders vide the resolution passed through postal ballot on 17.02.2017 approved the proposal to redeploy the said sum for acquisition of any such vessels or towards the balance payments remaining due for tonnage acquisition. Of the above Rs. 196.80 Crores have been utilized and the company is having a balance of Rs. 133.85 Crores earmarked for further utilisation as per the above resolution.
9. Trade Payables, Trade Receivables and Deposits are subject to confirmation and reconciliation. The Company is in the process of reconciling the same. The management, however, does not expect any material changes on reconciliation.
10. The pandemic and the lockdown imposed to flatten the curve of infection spread have caused an unprecedented and a massive havoc in the entire economy and business operations. The shipping business and markets have been adversely impacted as the cascading effect of the lockdown pervaded the port and cargo operations leading to delays in clearing of cargo containers, berthing of vessels, clearance of documents/immigration resulting in demand compression and utilization levels of ships. Rise in tanker rates in the backdrop of sharp drop in oil prices and demand for floating storage may not sustain in the future. The near-term outlook for major shipping segments like dry bulk, containers and offshore appears negative. The Company on the basis of internal assessment believes that there is no impact on its ability to continue as a going concern and meeting its liabilities as and when they fall due. The Company has access to line of credit which can be utilized to meet emergencies, if any, arising out of the impact of Covid on its operations. With system driven environment there has been no impact in the internal controls and reporting as well.
11. The figures of the previous year/ period have been regrouped or rearranged wherever necessary / practicable to conform to current year / period's transactions.
